

HISTORY AND POLITICAL EDUCATION DEPARTMENT
SECTION A

Item 1

Since 2000, Uganda has been receiving big numbers of refugees from different neighbouring countries. Many people are coming from Sudan, Somalia, Congo and Rwanda. A big number of refugees especially of Somali origin have settled in Rubaga division in areas of Mengo and Kisenyi hence posing a big threat to the local people in the community. The locals are now proposing that the refugees should leave their area and go back where they came from.

However, the division Mayor has opposed the idea of chasing away these people citing that they have a big contribution to the social-economic development to the area.

Task

In an essay, support the idea of the division Mayor.

Item 2

In 2016, a Businessman called Mathew Kanyamunyu was arrested and charged with murder after killing an Acholi social worker called Kenneth Akena in Lugogo a Kampala suburb. However, the case was later removed from public modern courts and both sides of the offender and offended agreed to settle the matter traditionally using the famous “Mato Oput” method. This left many Ugandans surprised why they chose to handle the matter using this approach.

Task

In an essay, prepare your presentation showing why they the two parties decided to resolve the issue using the above approach.

SECTION B

Item 3

Since 1995 to date, Uganda has registered an increase in the number of NGOs and CSOs. They have impacted many people’s lives, unfortunately many people working in government have wrongly perceived these organisations roles claiming that they are against government. These officials are now planning to table a bill in parliament aiming at stopping the operations of these organisations in Uganda. These officials need to be sensitized.

Task

Prepare a presentation you will use to sensitize the above officials on the roles of the above organisations to the social-economic development of Uganda.

Item 4

On a political talk show hold on your local radio station every Monday, the Chairperson L.C 111 of your sub-county was hosted and the moderator requested him to discuss the structure of Uganda’s government. Unfortunately, he failed. The moderator decided to open up phone calls so that people can call and answer the task.

Task

Imagine your phone call went through first, prepare your presentation.
