

FINE ART

S.2

Item 1

Graphics are used by different companies to tell clients about their businesses which means it is a medium used to communicate a message to potential clients for example using a poster and a logo design.

Task

As a student of S.2, explain the qualities of a good graphic design, how to design a poster (who gives the information to the artist which is called a brief) and develop a poster with a theme of “personal hygiene”

Item 2

The local environment is rich with materials and tools used for print making. Your school would wish to conduct cultural gala and prints of different designs from the local environment would address the above, for example using leaves, carrots, green paper, onions among others.

Task

With the knowledge you have as an artist, describe the process of block printing, materials used and tools, then make an art work using leaves or onions.

Item 3

Pottery articles are functionally made to cater for different purposes. Kanapa sub county congregation seeks knowledge of the different types of clay used to make pottery, the process of clay preparation, methods used to make pottery and the materials used to make pottery.

Task

As a student in Kiyala High School doing art as a subject, address the above need.

Item 4

The master artist has given artists great ideas for making drawings and painting through which artists earn a living from.

Task

As a growing or upcoming artist, make a painting involving use of elements and principles of perspective and proportionality having one building, 2 trees, clouds, grass and birds flying then shade using colours.
